Good questions, straight answers.

Why nuts?

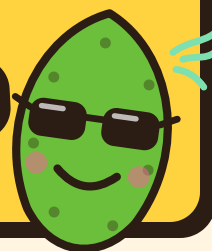

They keep, they ship, everyone eats them, and nobody regifts a box with a pickle almond wearing sunglasses on it.

- **Everyone finds a favorite.** Sweet, savory and a little heat in one box.
- **They travel well.** Sealed, resealable pouches in a sturdy box. No ice packs, no wilted flowers.
- **They get opened at the desk,** not parked in the regift closet.
- **Roasted in California.** A California company packs, writes and ships every box.

Taste before you commit.

Ask for a sample box. It arrives with your sleeve proof.

Still unsure? Ask Gil.

What's the minimum?

25 boxes. Need fewer? The Jolly Four is \$34.99 a box on californiapremiumnuts.com.

Can each person get their own note?

Yes. Put it in the spreadsheet next to their name and address. We write it on the card.

What logo file do you need?

Vector (AI, EPS, SVG or PDF) is best; a large PNG works. Nothing prints until you approve the proof.

Missed Nov 15?

Email us anyway. We'll tell you straight what we can still ship, and when.

Can we choose the flavors?

Pick any 4 of the 8 for the order, or say "chef's choice" and we pick a crowd-pleaser set. The Big Jolly has all 8.

Allergies?

Packed in a facility that handles tree nuts and peanuts. Chili Lime Fiesta has peanuts, Midnight Snack has milk, Everything Bagel has sesame.

Is the deposit refundable?

The \$250 is credited to your invoice and refundable until Nov 15 for December slots; after that it's credited toward a future order.

Outside the US?

Not yet. We ship to US addresses only for now.

Let's put your boxes on the calendar.
